HAZARDOUS WASTE DIVISION

The Part B Permit Application for Chemical Processors, Inc. Tacoma Facility (WAD 020257945) was submitted to your office and the Washington Department of Ecology in March, 1988.

Pursuant to a phone conversation with Mr. Wallace Reid, EPA, we are requesting an additional 30 days (until July 6, 1988) to submit the information regarding potential releases from solid waste management units (SWMU). The additional time is needed to

conduct a more complete historical review of operations conducted at the facilities for which we are submitting Part B Permit Applications. The additional time is also needed since we are addressing three facilities at the same time. Please acknowledge a 30 day extension for submittal of the SWMU information for our Pier 91, Georgetown and McClary Columbia Corporation facilities.

A SWMU report was provided in the Tacoma Facility Part B Permit Application. It addresses the information requested in Enclosure A in EPA'S letter dated April 20, 1988.

Please address correspondence regarding each facility to Dennis Stefani, Regulatory Affairs Manager, Chemical Processors, Inc., 2203 Airport Way South, Seattle, WA 98108.

Sincerely,

Susan B. Donahue
Permits Manager
